Councilman Taylor reported back communication of May 8th from the Mayor, being his veto of the resolution adopted May 1st, with report that, in regard to this communication, as Chairman of the Fire Buildings Committee, would state that the Mayor's statement that the Committee had no knowledge of the purchase of said horses, is not correct; that the Committee had been endeavoring to secure a team of horses for some months, that they had had two teams previously from the same firm -- Fiss, Over, Carroll -- this being the third team from them. Regarding the second paragraph of the Mayor's communication, the Fire Buildings Committee had requested Mr. Burton, as Chairman of the Finance Committee, to procure an opinion from Judge Gilbert Collins as to what action should be taken in the premises, and Judge Collins drew the resolution which was passed May 1st.

Councilman Taylor moved that the Mayor's objections to the resolution adopted May 1st be entered at length upon the journal of the Council so that the Council may proceed to re-consider the

resolution. Motion duly seconded and carried. The Mayor's objections are as follows:

May 8, 1911.

To the Honorable Common Council of the City of Plainfield,
Gentlemen:

I return without my approval the annexed resolution adopted by your Honorable Body May 1, 1911. The reasons for my disapproval are:

First: That the resolution ratifies the purchase of a pair of horses for the Fire Department by the Fire and Buildings Committee, which does not agree with the facts, the said Committee having no knowledge of the purchase of said horses until after one of said horses had died, and the question of liability of the City for payment arose when it developed that Mr. Ruxton of said Committee, on his own responsibility and without the knowledge or authority of the said Committee, had purchased the said horses.

Second: Conceding that the Committee had purchased said horses, such act would have been a violation of Rule 31 of the Common Council, which provides that "no Committee or member of any Committee, except the Alms and Police Committees shall make any purchase or incur any liability in the name of the City, and no purchases shall be made, or liabilities incurred by the Alms and Police Committee to any amount exceeding thirty dollars, without the previous permission by resolution of the Common Council," when in fact no permission to make said purchase had been given by the Common Council.

Third: Conceding that the Common Council had given permission to purchase a team of horses, or that they have the right to ratify the purchase of a team, for which no permission had been given, we must assume that it is intended that live horses are needed, and I discover no authority for the appropriation of money belonging to the tax payers of this City to be invested in dead animals, horses or otherwise.

Fourth: I am of the opinion that the ratifica-

cation of such a peculiar transaction will establish a very bad precedent that may be referred back to and resorted to in the future, and I wish to express my strong disapproval of such action.

I am,

Your obedient servant,

Geo. W. V. May, Mayor.

Councilman Taylor moved that the resolution be re-adopted notwithstanding the objections of the Mayor. So ordered upon a call of the roll all present voting aye.

Jersey City, N. J., April 28, 1911.

Herbert Buxton, Esq.,
Chairman, Finance Committee,
Common Council, Plainfield, N. J.

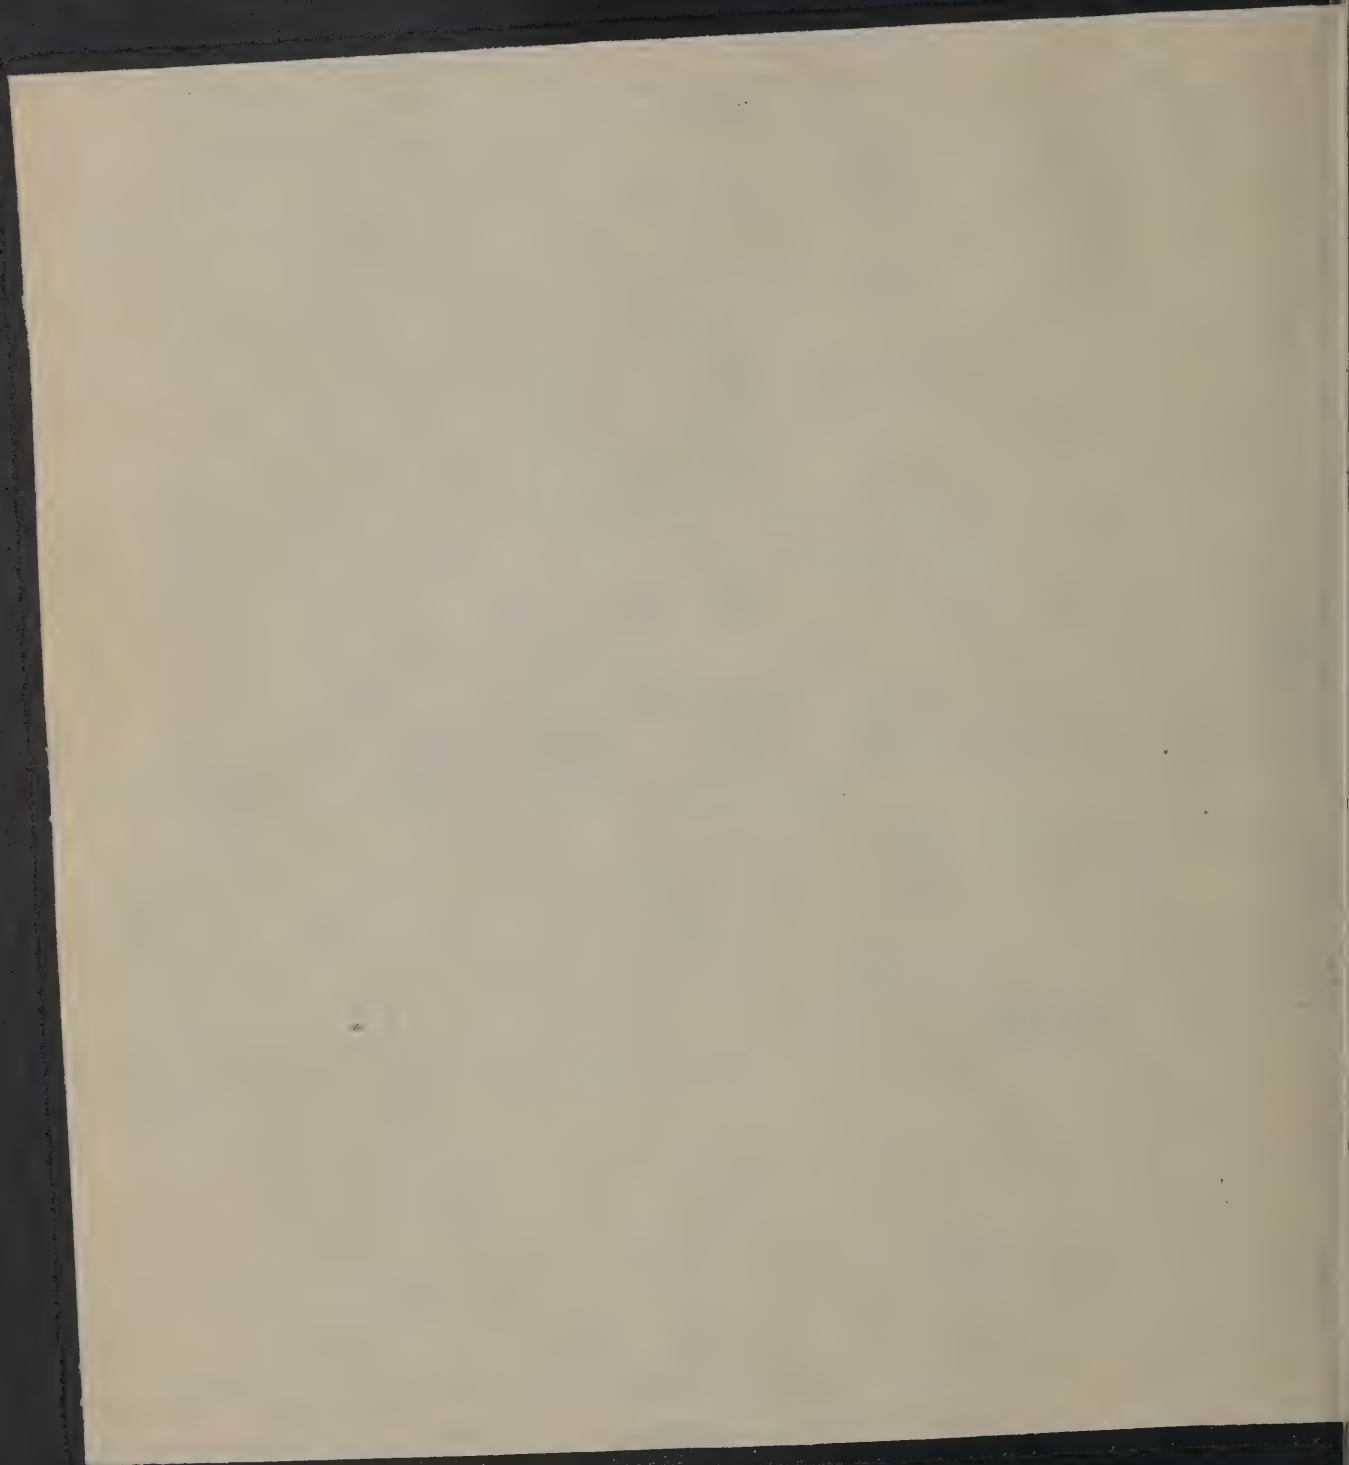

Dear Sir:-

In answer to your inquiry, I have to say that it is my opinion that the provision of section 1 of the supplement of March 18, 1874, (Pamph. Laws, 302) to the charter of the City of Plainfield, that no evidence of indebtedness against the City shall be valid unless signed by the Mayor, does not extend to checks, warrants or any paper writing the purpose of which is to authorize the present payment of funds; but only to bonds, improvement certificates, promissory notes or other paper writings evidencing, as the supplement says, an indebtedness, but not paying an indebtedness.

Not only was the ordinance of 1893, amended July 12, 1897, relating to the signature to checks or drafts, within the power of the common council; but in my opinion it would be competent for the council to make such provision by ordinance as might be thought desirable with reference to the signature to checks and warrants. Under chapter 128 of the laws of 1904, every claim against the City must be submitted to the Mayor for approval or veto; but, after approval or after repassage over the mayor's veto, there is no provision of law of which I am aware that renders it necessary that the mayor should sign a check or warrant in payment of the claim. That duty may be delegated to any official selected by the council by ordinance. The act cited specially provides that the "common council or other body having charge of the finances of any city may by ordinance prescribe the manner of issuing, and designate the officers who shall sign, countersign and audit all such warrants".

Yours truly,

Gilbert Collins.

JUN 26 1911

Dear Sir:

The following is my estimate covering work on the Plainfield Fire Alarm System for the coming year. I agree to take charge of and care for the Fire Alarm Telegraph instruments and apparatus for the City of Plainfield and keep in order all bells, wires, gongs, steam whistle, boxes, batteries, and strikers, and all other parts or appliances of the electric Fire Alarm System of the City of Plainfield including the auxiliary systems in the Public Schools and Muhlenberg Hospital, and all other bells, wires, gongs, boxes, batteries, strikers, apparatus and appliances for the opening of doors, stopping clocks, turning on the lights and the like, and other parts or appliances of the electric Fire Alarm System now used or operated by or on behalf of the City of Plainfield or used in connection therewith, and supply such labor and material for the maintenance of this Fire Alarm System as may, from time to time, be made necessary, with the exception of parts for boxes, tappers, instruments, and electric current generating set, also the time wire from the nineteenth day of June, 1911 to the nineteenth day of June, 1912 for the price of fourteen hundred (\$1,400) dollars for the entire year to be divided into twelve equal monthly payments, payable monthly.

All extra work, such as the placing of new loops, new boxes, tappers bells and the moving of boxes, tappers, and other instruments, and the wire for the same together with the labor, shall be paid for by the City at actual cost price plus 20%. It is understood that the City shall have the right at its option to have any such extra work or any new work done by any other electrician or contractor under contract to be made by the City, and such other electrician or contractor. It is further agreed that the City shall have the option to furnish all wires, parts of boxes, coils, or other material that they may think desirable to replace worn out or discarded material or that may be needed for new work.

I agree to place in charge of the lines an

JUN 26 1911

expert lineman employed by me who is to be under the personal supervision of a thoroughly competent electrician also employed by me. I agree to have a daily inspection of batteries and board, and to test lines for grounds, and, in case of emergency such as severe snow, ice, or wind storms, I agree to immediately proceed to do all necessary work and make all necessary repairs as soon as possible.

I further agree that I will have at all times, day or night, during said year, at my place of business or elsewhere in the City of Plainfield, some thoroughly competent and experienced electrician with whom the Chief of the Fire Department of the City of Plainfield or his representative may communicate promptly in case of accident or case of necessity arising from any source respecting the condition or repair of any part of the fire alarm system of said City.

It is further agreed that the City shall pay me for the true and faithful performance of this agreement in accordance with the terms thereof and to the satisfaction of the Chief Engineer of the City, the compensation hereinabove specified.

It is mutually understood that all the provisions of this contract shall be binding upon the parties hereto and their successors and assigns respectively.

Respectfully submitted,

Allen B. Saing Co.

JUN 23 1911

Proposal is as follows:

Plainfield, N.J. June 21, 1911.

To the Honorable Common Council of the City of Plainfield:

Gentlemen:

I hereby propose to do the work of repairing the macadamized pavement on West Front Street between Front Avenue and Plainfield Avenue on the following terms:

For spreading, rolling and paving with bituminous binder, using $1\frac{3}{4}$ gallons per square yard of Tarrax or other material of equal cost, satisfactory to the Street Commissioner, covering same with stone about $\frac{1}{2}$ inch in largest dimension, and rolling same, making a thoroughly workmanlike job, 42 cents per square yard.

Any stone required to bring the street up to a grade 2 inches below finished grade to be paid for by the City.

For all labor required in excavating present macadam where same is not now of sufficient thickness, and removing the dirt or gravel under the present macadam to the proper sub-grade, actual cost of the labor required plus ten percent.

Yours respectfully,

Finance by Chairman Burton:

Reported back certificate of the Board of School Estimate dated May 22^d certifying the amount of \$35,000, and also certificate dated July 10th certifying an additional \$5,000, making total of \$40,000 for enlarging, furnishing and repairing the high school building, and moved said certificates be filed. So ordered.

Presented opinion of attorneys Sindalbury, Deque & Talbot, dated July 10th, as to whether or not the additional sum of \$5,000 can be appropriated as a separate item without invoking former proceedings, which opinion was read and ordered received and filed. The communication is as follows:

July 10, 1911.

To the Mayor and Common Council,
Plainfield, N.J.

Gentlemen:

We have been informed that by action of the Board of Education and the Board of School Estimates taken in pursuance of the School Law of 1903, the sum of \$35,000 has been appropriated for the purpose of enlarging, furnishing and repairing the high school building in the city of Plainfield; that advertisements for bids have been made and the bids received, whereupon it appears that no bid comes within the amount already appropriated but exceeds the sum by several thousand dollars and that if any of these bids are accepted it will be necessary to provide an additional sum of \$5,000 for this purpose. We have been requested to give our opinion as to whether or not this additional sum of \$5,000 can be appropriated as a separate item without revoking or repealing the former proceedings. We have examined the Statutes upon this question and are of the opinion that such action can be taken. There is nothing in the Statutes to indicate that the school authorities and the Common Council in providing for the enlarging, furnishing and repairing of school buildings are required to do this by one appropriation and we can see no necessity for repealing the former proceedings in order to authorize the raising of the additional sum of \$5,000 necessary to complete the work in contemplation. We have accordingly, at the suggestion of Mr. Tyler, prepared a resolution to be adopted by you in case you are disposed to consummate the proceedings already taken by the Board of Education and the Board of School Estimates in providing the additional sum of \$5,000 above mentioned.

Yours very truly,

Sindahury, Sepue & Faubus.

Councilman Montgomery came in at this time.

Offered the following resolution which was adopted upon a call of the roll all present voting aye:

Whereas, The Board of Education of the City of Plainfield, in the County of Union, has decided that it is necessary to raise money for enlarging, furnishing and repairing the High School Building, and that the amount of money necessary for that purpose is the sum of Forty Thousand Dollars (\$40,000), and has prepared and delivered to each member of the Board of School Estimate of the City of Plainfield a statement of the amount of money estimated to be necessary for said purposes, namely, the sum of Forty Thousand Dollars (\$40,000); and

Whereas, The Board of School Estimate of the City of Plainfield has fixed and determined the sum of Forty Thousand Dollars (\$40,000) as the sum necessary for said purpose, and has made two certificates in duplicate -- one for Thirty-five Thousand Dollars (\$35,000) and one for Five Thousand Dollars (\$5,000) -- of such amount, one each of which certificates has been delivered to said Board of Education and one each to the Common Council of said City; and

Whereas, The total amount of bonds for the purchase of lands for school purposes or for erecting, enlarging, repairing or furnishing a school house or school houses or other school purposes, including bonds heretofore issued for such purposes, and not redeemed and the bonds hereby authorized, does not exceed a sum equal to three per centum of the taxable valuation of the real and personal property in said City:

Resolved, That the said sum of Forty Thousand Dollars (\$40,000) be and is hereby appropriated for the purpose aforesaid, and that the said sum shall be raised and borrowed for said purpose by the issue of bonds in the corporate name of the City, which said bonds shall be of denomination of one thousand dollars (\$1000) each and substantially in the form hereto annexed and shall bear date the first day of July, in the year nineteen hundred and eleven and be payable as follows: on the first day of January, 1933, Two Thousand Dollars, on the first day of January, 1934 to 1937 both inclusive, Six Thousand Dollars; and

on the first day of January, 1938 and 1939, Seven Thousand Dollars, in gold coin of the United States of the present standard of weight and fineness, and to bear interest at the rate of four per centum per annum, payable semi-annually, on the first days of January and July of each year upon surrender of coupons annexed to said bonds as they severally become due. Said bonds shall be signed by the Mayor and City Clerk and shall have the corporate seal of the City thereto affixed. Coupons payable semi-annually shall be annexed to said bonds substantially in the form hereto annexed, which coupons shall bear the fac-simile signatures of the Mayor and City Clerk. Said bonds to be convertible into registered bonds at the option of the holder.

Resolved, That the proceeds of the sale of said bonds shall be deposited with the custodian of school moneys of the school district of the City of Plainfield, and shall be paid out only on the warrants or orders of the said Board of Education of the City of Plainfield, in the County of Union, as provided by law.

JUL 17 1911

Resolution
Raise \$40,000
for Board of
Education
by issue of
Bonds.

whereas, The Board of Education of the City of Plainfield, in the County of Union, has decided that it is necessary to raise money for enlarging, furnishing and repairing the High School Building, and that the amount of money necessary for that purpose is the sum of Forty Thousand Dollars (\$40,000) and has prepared and delivered to each member of the Board of School Estimate of the City of Plainfield a statement of the amount of money estimated to be necessary for said purposes, namely, the sum of Forty Thousand Dollars (\$40,000); and

whereas, The Board of School Estimate of the City of Plainfield has fixed and determined the sum of Forty Thousand Dollars (\$40,000) as the sum necessary for said purpose, and has made two certificates in duplicate -- one for Thirty-five Thousand Dollars (\$35,000) and one for Five Thousand Dollars (\$5,000) -- of such amount, one each of which certificates has been delivered to said Board of Education and one each to the Common Council of said City; and

whereas, The total amount of bonds for the purchase of lands for school purposes or for erecting, enlarging, repairing or furnishing a school house or school houses or other school purposes, including bonds heretofore issued for such purposes, and not redeemed and the bonds hereby authorized, does not exceed a sum equal to three per centum of the taxable valuation of the real and personal property in said City:

Resolved, That the said sum of Forty Thousand Dollars (\$40,000) be and is hereby appropriated for the purpose aforesaid, and that the said sum shall be raised and borrowed for said purpose by the issue of bonds in the corporate name of the City, which said bonds shall be of denomination of one Thousand Dollars (\$1,000) each and substantially in the form hereto annexed and shall bear date the first day of July, in the year nineteen hundred and eleven and be payable as follows: on the first day of January, 1933, Two Thousand Dollars; on the first day of January 1934 to 1937 both inclusive, Six Thousand Dollars; and on the first day of January, 1938 and 1939, Seven Thousand Dollars,

in gold coin of the United States of the present standard of weight and fineness, and bear interest at the rate of four per centum per annum, payable semi-annually, on the first days of January and July of each year upon surrender of coupons annexed to said bonds as they severally become due. Said bonds shall be signed by the Mayor and City Clerk and shall have the corporate seal of the City thereto affixed. Coupons payable semi-annually shall be annexed to said bonds substantially in the form hereto annexed, which coupons shall bear the facsimile signatures of the Mayor and City Clerk. Said bonds to be convertible into registered bonds at the option of the holder.

Resolved, That the proceeds of the sale of said bonds shall be deposited with the custodian of school moneys of the school district of the City of Plainfield, and shall be paid out only in the warrants or orders of the said Board of Education of the City of Plainfield, in the County of Union, as provided by law. Adopted by the Common Council July 17, 1911.

Hon. Geo. W. V. May, Mayor,
Plainfield, N. J.

Dear Sir:

Our attention has been called to the fact
that various licenses have been issued for circuses,
etc., during the current year. Under the ordi-
nance such licenses are to be signed and

AUG 1 1911

issued by the Mayor upon presentation to him of the receipt of the City Treasurer or Chief of Police for the amount of the license fee. We are also informed that neither the City Treasurer or the Chief of Police have received any such license fees, or given any receipt therefor. Will you kindly inform us whether such fees have been collected, the amount thereof, and what disposition has been made of same since their receipt.

That under date of July 1, 1911, the Mayor replied, which letter was presented and read, and on motion ordered entered in full on the minutes: The communication is as follows:

July 1, 1911.

The Finance Committee of the Common Council
 of Plainfield, N.J.

Gentlemen:

I beg to enclose herewith report of licenses issued for which fees were received by me, for the six months ending July 1, 1911. I note that you state that the ordinance provides that the money be paid to either the Chief of Police or the City Treasurer, and then receipt be furnished to the Mayor, who shall thereupon issue the license. The objection to this plan is that in many instances the application is not made until the last moment, and that it requires the applicant to first appear before the Mayor with his application, and have the fee fixed. He is then required to report back to either the City Treasurer or Chief of Police the amount of the fee fixed by the Mayor to be paid; pay of the same to either of these parties, taking their receipt therefor.

and then make a second journey to the Mayor and get his license. The former Mayor left the license book with the Chief of Police who, apparently had charge of the entire matter. This practice I have discontinued preferring to sign and issue all licenses. It was then my purpose to make a report either quarterly or semi-annually, turn over the fees collected to the City Treasurer, taking his receipt therefor, and file the report and receipt with the City Clerk. If you discover any objection to this method, I would be glad to know it.

Dated Plainfield, N. J.

Comm.
Finance
Comm. to
Mayor.

Plainfield, N. J., July 17, 1911.

Hon. W. V. May, Mayor,

Plainfield, N. J.

Sir:

The receipt of your letter of July 1, 1911, addressed to the Finance Committee of the Common Council is hereby acknowledged, also the report of licenses issued for dances, concerts and circuses for which fees were received by you for the six months ending July 1st, 1911, enclosed with such letter. In our letter to you of June 26th, we called

AUG 7 1911

your attention to the fact that under the ordinance, licenses for circuses, etc., are to be signed and issued by the Mayor upon presentation to him of the receipt of the City Treasurer or Chief of Police for the amount of the license fee, and in your paid letter to us you refer to that statement, but with regard thereto you state as follows:

"The objection to this plan is that, in many instances, the application is not made until the last moment, and that it requires the applicant to first appear before the Mayor with his application and have the fee fixed; he is then required to report back to either the City Treasurer or Chief of Police the amount of the fee fixed by the Mayor to be paid, pay the same to either of these parties, taking their receipt therefor, and then making a second journey to the Mayor and get his license".

The provisions of the ordinance with respect to the issuance of licenses for circuses, etc., are very explicit.

Under the ordinance the Mayor is authorized to determine whether or not a license shall be issued and the amount of the fee to be charged therefor; and upon payment of the fee to the City Treasurer or the Chief of Police and the production of this receipt therefor to the Mayor, the Mayor is then authorized to issue the license.

We know of no provision which authorizes the Mayor to receive such fees, which are by law required to be paid to the City Treasurer or Chief of Police.

While the procedure which you term an objection may require some effort on the part of the applicant, the Committee is of the opinion that the only proper procedure is that laid down in the ordinance.

AUG 2 1911

You further state in your letter that it was your purpose to make a report either quarterly or semi-annually with regard to licenses and to turn over the fees collected to the City Treasurer, taking his receipt therefor, and file the report and receipt with the city clerk. And you state that you would be glad to know if we discover any objections to this method.

The objection we find to this method is that, it is not authorized by the ordinance, and that it contemplates the receipt by you of moneys belonging to the city, which you are not authorized to receive.

Yours very truly,

(Signed by) Herbert Burton, Chairman
Frederic E. Mygatt
Geo. S. Clay
Duncan W. Taylor.

Councilman Wilson came in at this time.

Communication was received from his honor, the Mayor, returning without his approval an ordinance entitled "A Supplement to an ordinance entitled 'An Ordinance regulating the Storage and handling of volatile liquids', Approved August 12th, 1910". Councilman Mygatt moved that the Mayor's objections to the said ordinance be entered at length upon the journal of the Council, so that we may proceed to re-consider the ordinance. The clerk then read the objections of the Mayor. Motion duly seconded and carried.

Councilman Mygatt moved that the ordinance be adapted without standing the matter be laid on the table; seconded by Councilman Clay. So ordered.

The Mayor's objections are as follows:

September 14, 1911.

To the Honorable Common Council of the City of Plainfield.
Gentlemen:

I beg to return without my approval the ordinance entitled "A Supplement to an Ordinance entitled 'An Ordinance Regulating the Storage and handling of Volatile Liquids', Approved August 12th, 1910". This supplement

would seem to lead the way to make easy the granting of an application to store gasoline in large quantities in steel tanks above ground within the City limits. I recognize that gasoline is more largely used each day, and I recognize also that merchants dealing in the commodity should not be put to undue trouble and expense in the handling and storage thereof. We must not, however, lose sight of its very dangerous character, and I feel that its storage in large quantities in the manner suggested in the supplement is very undesirable. I do not think that any citizen would care to have a large tank for the storage of gasoline erected near his buildings. While we may not carry this idea too far, yet we should have regard for our neighbors, and I feel that the method which has been adopted compelling the storage of considerable quantities of gasoline under ground is the proper method and should be adhered to. If dealers wish to engage in the handling of the commodity in a large way, they should be compelled to adopt that method, or go beyond the City limits to store their goods. In addition to the menace to life and property I suggest that the insurance rate would naturally be very largely increased in the vicinity of property wherein any large tank was permitted to be erected. I am,

Your obedient servant,
George W. V. May, Mayor.

To the Honorable Common Council of the City
of Plainfield,
Gentlemen:

I beg to return without my approval the annexed resolution appropriating the sum of one hundred twenty-five dollars to go to the Chief of the Fire Department, J. C. Doane, in order that he may attend the convention of Fire Chiefs of United States to be held at Milwaukee, Wisconsin. It may, or may not, be in order for the Chief of the Fire Department, or of any department in fact, to attend conventions; that is a question I do not propose to discuss; but I am of the opinion that it is decidedly wrong to make a gift of the tax payers money to any person or persons for that or any other purpose, be he a paid official of the City, or otherwise. It may be that there is a law which warrants the passage of such a resolution, if so, it has not been pointed out to me; and if there be such a law it would not change my view of the matter. I am

Your obedient servant,
Geo. W. V. May, Mayor.

September 14th, 1911.

Councilman Buxton moved that the Council proceed to re-consider the Resolution to which the Mayor made objections in his message dated Sept. 14, 1911, which has been read and entered at length upon the minutes.

To the Honorable Common Council of the
City of Plainfield,
Gentlemen:

Our Company wishes to install two (2) five-light iron lamp posts on the curb line in front of our office #210 & 212 Park Avenue, and would respectfully ask your permission to do so.

These posts are very ornamental, and as we intend using five (5) 100 watt Tungstens lamps on each post, will add greatly to the illumination on this block.

The attached cut is about the style of lamp we intend using.

Trusting to get the desired permission without delay, I remain,

Yours very truly,

Mr. Fuertes proposition is as follows:

Sept. 22, 1911.

Mr. Frederic E. Tugott,
Chairman of the Public Affairs Committee,
Plainfield, N. J.

Dear Sir:

In reply to your letter of this date, and in accordance with our conversation this morning, I should be glad to prepare the engineering data in connection with the condemnation proceedings to be instituted for the acquisition of certain rights of the Plainfield Union Water Company.

In response to your request that I name a fee for undertaking this work, I would suggest that payments be made on a per diem basis, under which arrangements the City of Plainfield could terminate the investigations at any time, if it should see fit to do so, without difficulties in adjusting payments.

For my personal compensation, in view of my former engagement in connection with the report upon Plainfield's Water Supply, I would charge at the rate of \$50.00 per day and expenses, payments to be made monthly, as the work progresses, on bills to be rendered by me prior to the first Monday of each calendar month. The expenses are to be understood to include necessary travelling expenses, and the salaries of such assistants as I deem necessary to properly carry on the work for the actual time they may be engaged thereon.

Of course, you understand that it is impossible, in a matter of this kind, to estimate the total cost of the preparation of the data for use in the courts, and also that the expense will depend upon the extent to which the matter is pushed. I should consider it inadvisable to undertake condemnation proceedings of this nature, unless the work be done with great thoroughness and accuracy; and with this view I understand you to be in thorough accord.

OCT 2 1911

Thanking you for your inquiry and assuring you that if my services are engaged I will render you the best service in my power, believe me,

Very truly yours,

James H. Fuertes.

Councilman Holt, before voting for the last mentioned resolution, stated that in voting for it he did not wish it to be understood that he is in favor of the proceeding, as he is not in favor of the general proceedings.

Saws + Ordinances by chairman Holt:

Reported back petition from S. J. Robinson and others to establish building line on west Third Street, with opinion of the corporation counsel which was read, and is as follows:

October 9, 1911.

Mr. Frank S. Holt,

My dear Sir:

I return enclosed petition with the opinion that the City has no power in the matter. There is no law permitting the establishment of a building line. The petitioners should get together and by mutual agreement by deed establish the line they wish, but the City could not help them.

It would be a taking of private property without compensation. Of course the city could widen the street to the point of such building line, and state that the sidewalks should be so wide and curb line at such a point, but this course if pursued, must be done in the usual manner, by ordinance, appointment of commissioners, assessment of damages, and benefits, etc.

Yours truly,

Wm. M. Stillman,
Corporation Counsel.

Moved that the petition be filed and that the clerk notify petitioners of the corporation counsel's opinion.

The communication is as follows:

Health Department,
City of Plainfield, N. J.

November 6, 1911.

To the Honorable Common Council
City of Plainfield,
Dear Sirs:

Recent examinations of the water of the public water supply of Plainfield have shown more or less continuous evidence of the presence of surface water in the said supply. In view of these findings this Board, after careful con-

consideration has decided to recommend to your Honorable Body the following measures, looking toward a safeguarding of the supply from the above or similar contamination:

First: As in our opinion the use of the water from the South Plainfield Pond for purposes being absolutely improper, and although we have no reason to think that any of this water is being used, or ever has been used in Plainfield, still, we have reason to believe that it is possible for water from this source to be introduced into certain mains supplying water in this city, we would suggest that such measures be taken as will absolutely prevent the introduction of this water into this city, except by consent of some duly authorized official of the City of Plainfield.

Second: Without at this time expressing any opinion as to the propriety or impropriety of the use of an underground mixing tank, as at present employed at the Netherwood Pumping Station, we think that the manholes connected with this tank should be protected absolutely against the entrance of any surface water and against accidental pollution or intentional contamination by any maliciously inclined person. We further believe that the various wells should be protected from the same danger.

Third: We are of the opinion that an analysis or series of analyses should be made of the water from each and every well at the Netherwood Pumping Station, with a view to determining whether any one or any number of said wells show evidence of surface drainage or other contamination. It would seem to us proper that the analysis or analyses should be undertaken by the Water Company, the same to be performed by a Chemist and Bacteriologist, in the choice of whom some qualified representative or representatives of the municipality of Plainfield shall approve. Unless by the above mentioned analysis or analyses a

NOV 6 1917

other method of investigation, the source of the entrance of surface drainage or other contamination can be located, and said contamination prevented, we would advise that a sterilizing plant be established at the Netherwood Pumping Station. This Board has received an intimation from the Water Company that they themselves are planning the introduction of such a plant. However, whether or not such a plant is installed, it is our opinion that every possible means of investigation as to the source of any contamination should be most carefully considered.

Of course, should the Council determine to control the public water supply of Plainfield, the above-mentioned safeguards, we are sure, would be provided by the Council. In the meantime, however, the Board feels that every effort should be made to secure the co-operation of the Plainfield Union Water Company in putting in operation the above mentioned safeguards, at once.

Very respectfully yours,

By order of The Board of Health
Per J. S. Davis, Secretary.

Resolution of Determination to Acquire Certain Sands and Other Property for a Water Supply, and to authorize Certain Persons to Treat, on behalf of the City of Plainfield, with the owners of Sands and other Property, Concerning the Price to be Paid for the Same.

NOV 1 1911

Whereas, in the judgment of the Common Council, it is advisable that the inhabitants of the City of Plainfield should be supplied with pure and wholesome water by the City rather than by a private water company whose interests as a purveyor of water are not confined to the City of Plainfield,

Resolved, That the Inhabitants of the City of Plainfield, by their Common Council, do hereby determine to acquire, pursuant to authority conferred by law, certain lands and other property described as follows.

Article I.

Land: All those parcels of land in the City of Plainfield designated on the Official Block Assessment Maps of the City of Plainfield adopted February 7th, 1910, by the Common Council of the City of Plainfield as follows:

A. Lot Nos. 1200 to 1474 inclusive, on the south side of North Avenue.

B. Lot Nos. 1367 to 1413 inclusive; and 1419 to 1429 inclusive on the north side of North Avenue.

C. Lot Nos. 1372 to 1378 inclusive; and 1400 to 1460 inclusive, on the south side of Columbia Avenue.

D. Lot Nos. 1365 to 1415 inclusive, on the north side of Columbia Avenue.

Article II.

Plant at Pumping Station:

a. The entire plant of the water Company located and situated on the parcels of land described in Article I. including the pumping station; the pumps, boilers, machinery and apparatus with their connections and appurtenances; the dwellings, stables, buildings, sheds, etc., trestles and tracks; the wells, conduits, pipes, mains,

NOV 13 1911

reservoirs, etc., with all their appurtenances and connections, located and situated under and on the above mentioned parcels of land.

B. The conduits, mains, pipes and their appurtenances situated under and in Columbia Avenue and North Avenue of the City of Plainfield, which connect the wells, conduits, mains, pipes, reservoirs, etc., situated on the lands described in Article I with the Netherwood pumping station

Article III.

Street Mains: -- all the Plainfield Union Water Company's mains, pipes, valves, hydrants, blow-offs, house service pipes, etc., with all their connections, extensions and appurtenances, located under and through the lands, streets, roads, avenues, etc., of the City of Plainfield, together with all the meters in use in the City of Plainfield, with their connections and appurtenances, owned by the Water Company; but not including --

A. The main or mains in North Avenue east of the Netherwood pumping station used to convey water beyond the eastern limits of the City of Plainfield.

B. The large main located in and under the portions of certain streets and avenues of the City designated as follows: In Woodland Avenue between the boundary line of Union and Middlesex Counties, and East Seventh Street; in East Seventh Street between Woodland and Seland Avenues; in Seland Avenue between East Seventh Street and North Avenue; in North Avenue between Seland Avenue and the Netherwood pumping station.

Article IV.

The rights, powers, franchises and privileges of the Company to take and store the subterranean waters beneath the surface of any of the parcels of land described in

NOV 13 1911

Article I.

Article V.

The rights, powers, franchises and privileges of the Company to convey by means of conduits, pipes, mains, reservoirs and other suitable appliances under and through the lands, streets, roads, etc., of the City, the subterranean waters beneath the surfaces of any of the parcels of land described in Article I.

Article VI.

The rights, powers, franchises and privileges of the Company to sell and dispose of the subterranean waters beneath the surfaces of the parcels of land described in Article I within the City of Plainfield, to any person or persons, corporation or corporations.

Article VII.

The rights, powers, franchises and privileges of the Company to take water from any pond, spring, stream or subterranean waters from that portion of Union County included within the territorial limits of the City of Plainfield.

Further Resolved, That Frederic E. Mygatt, George S. Clay and Louis E. Holt, be and the same are hereby by and on behalf of the City of Plainfield, to treat with the owner or owners of such land and other property for the purchase thereof, and to offer a sum not to exceed:

\$125.00 per lot for any of the lots mentioned in Article I. (land) of the above description.

\$54,600 in the aggregate for the land or other property referred to in Article II. (Plant at Pumping Station) of said description.

\$225,600 in the aggregate for the land or

NOV 13 1911

other property referred to in article II (Street
Mains) of said description.

\$25,000 in the aggregate for the land or
other property referred to in Articles II, I, II
and III of said description.

Further Resolved, That the appointees
named in the foregoing resolution report back
to the Council with reasonable despatch the
result of the negotiations herein authorized,
to the end that the Common Council may take
definite action thereon.

Adopted by the Common Council November 13, 1911.

Regular adjourned meeting of the Common Council held this evening, all members present.

Rules
Suspended.
Receive
Report of
Commissioners
opening of
Astor Place.

Councilman Gluck moved rules be suspended to receive report of Elliott T. Barrows, William A. Yarrigues and J. Ted MacDonald, commissioners appointed to make assessments for benefits and damages for the paying out and opening of Astor Place from the northwesterly side line of Clinton Avenue to the north-easterly side line of Hunter Avenue, as advertised. So ordered.

Councilman Gluck presented affidavits of publication that the report had been filed with the City Clerk and would be presented to the Common Council at their meeting to be held Dec. 27th and moved same be filed. So ordered.

Councilman Gluck presented Report and map therein referred to dated Dec. 2, 1911, which was read, and on motion ordered filed.

The president asked the clerk if any objections had been filed in his office; the clerk replying in the negative.

DEC 21 1911

The President stated that opportunity is now offered to all persons interested to be heard in reference to said report and assessments.

After full opportunity had been given, no one appearing, Councilman Glaser offered the following resolution which was adopted upon a call of the roll all voting aye:

Resolution
Confirm
Report of
Commissioners

Whereas, The Common Council hath ascertained and determined, and doth hereby ascertain and determine, that the whole amount of damages and expenses for the laying out and opening of Astor Place from the Southwesterly side line of Clinton Avenue to the Northeasterly side line of Hunter Avenue, pursuant to the ordinance entitled "An Ordinance to lay out and open Astor Place from the Southwesterly side line of Clinton Avenue to the Northeasterly side line of Hunter Avenue", approved October 27, 1910, is the sum of Five Hundred and five dollars and 86/100 (\$505.86) and the Commissioners appointed under the said Ordinance did, on the fifth day of December, 1911, file in the office of the City Clerk their report in writing of their assessments for damages and benefits, and said report was open to the inspection of the public for at least ten days prior to the date hereof, being the date of the presentation to the Common Council of said report and assessments; and it further appearing that notice of such filing, clearly stating the character of the work and improvement for which such assessments have been made, and a description of the streets or avenues or particular sections thereof which are included in said assessments, and setting forth that

DEC 21 1911

said report and assessments were open to the inspection of the public, and would be presented to the Common Council at the meeting of that body to be held at the Council chambers, no. 149 North Avenue, in the City of Plainfield, New Jersey, on Thursday, December 21, 1911, at 8 o'clock p.m., had been published in the official newspapers of the City, to wit, the Daily Press, and the Plainfield Courier-News, ten days previous to such presentation, due proof of which facts have been presented to the Common Council, and upon all which matters we do hereby pass and determine; and

whereas, said meeting of the Common Council was held at the time and place above named, viz. at the Council Chamber, Thursday December 21, 1911, at 8 o'clock P.M., and full opportunity was then and there given to all parties interested to be heard in reference to said report and assessments, and said report and assessments and all the objections thereto whether filed with the City Clerk or presented at the said meeting, were then and there duly considered by the Common Council, and said Common Council is of the opinion that the said objections are not well founded, and that said report and assessments are in all respects just and equitable, and in conformity with the Statute in such case made and provided, and should be ratified by the final action of the Common Council:

Resolved, that the Common Council doth hereby take such final action, and doth hereby ratify and confirm the action and report and assessments of the said Commissioners, and that their report and assessments for benefits and damages hereinabove referred to, be and the same are hereby ratified and confirmed. Adopted by the Common Council December 21, 1911.
Approved by the Mayor December 22, 1911.

Resolved, Pursuant to Sec. 10 of the
 Act entitled "An Act to provide for drainage
 and sewerage in Cities of this State", approved
 April 7, 1890, as said Section was amended
 by Chapter 168 of the Laws of 1897 (P. S. 1897,
 p. 337) the Council do now proceed to appoint by
 ballot from amongst themselves a Committee to be
 called "The Committee on Sewers", to possess the
 powers and perform the duties assigned to
 such Committee by said Act of the Legislature,
 the said Committee to continue in office for one
 year and until their successors are appointed,
 the members thereof continuing to be members
 of said Common Council, or if they cease to be
 such members, then their place to be supplied
 by said Council; vacancies, however caused, to
 be filled by said Council, and all improve-

FEB 9 1912

Friday Evening February 9, 1912.

Regular
Adjourned
Meeting.

Regular adjourned meeting of the Common Council held this evening, all members present except President Tolles and Councilmen Dunn and Randolph.

President
and Clerk
pro tem.

In the absence of the President and Clerk, Councilman Mygatt, as chairman of the Finance Committee, called the meeting to order, and stated the first business would be the election of a President pro tem.

Councilman Clay nominated Councilman Holt; seconded by Councilman Taylor. There being no other nominations, Councilman Holt was unanimously chosen president pro tem. and thereupon took the chair.

In the absence of the clerk, the president stated the next business would be the election of a clerk pro tem. Councilman Mygatt moved Geo. B. Dean act as clerk. So ordered.

Hearing of
charges against
officer Myers.

Councilman Mygatt moved regular order of business be suspended and that the Council proceed to the hearing of charges against officer Nicholas Myers; seconded

FEB 9 1912

by Councilman Glover, and unanimously adopted.

Officer Myers was represented by Judge Lem. S. Demega as counsel. The Judge waived reading of the charges, and pleads guilty to them on behalf of Officer Myers.

After the Judge had addressed the Council, and been replied to by Acting Corporation Counsel Runyon, Councilman Tugatt offered a resolution imposing a fine on Officer Myers, which was read. Councilman Clay moved to amend the time in which to pay the fine from eight to twelve months. Motion to amend adopted. Resolution as amended was adopted upon a call of the roll all present voting aye. The said resolution is as follows:

Firing.

The charges against Capt. George Firing were presented (the same having been filed in the office of the City Clerk April 1, 1912), also affidavit of the City Clerk of service upon the defendant, Capt. Firing, of copy of said charges and copy of resolution adopted and approved April 1st, 1912, appointing time and place for trial; which said charges and affidavit are as follows:

To the Fire and Buildings Committee of
the Common Council of the City of Plainfield,
Gentlemen:

By virtue of section 16 of an ordinance entitled "An Ordinance to regulate and control the fire department of the City of Plainfield", I herewith prefer charges against Captain George Firing of Fire Company No. 1, as follows,

APR 6 1912

First.

For violating section 42 of rules and regulations of the Fire Department of the City of Plainfield adopted by the Common Council of said city November 3, 1902 and amended December 7, 1903, by leaving his post of duty, at Hose Company No. 1 on March 5, 1912 and at divers other times without having been granted leave of absence by the chief or acting chief engineer of the fire department.

Second.

For violating section 28 & 29 of said rules and regulations by leaving the quarters of said Hose Company No. 1, other than for an alarm of fire, on the fifth day of March, 1912, and at divers other times without making an entry in the "house journal" with the reasons therefor, and other matters connected therewith, as called for by said rules and regulations.

Third.

For violating section 47 of said rules and regulations, by using obscene, disrespectful and impudent language on, to wit: Christmas Night, December 25, 1911, March 2, 1912 and on divers other times at Hose Company No. 1 and of being disrespectful to his superior officer by calling the chief of the fire department a "God damned old son of a bitch" and other disrespectful and improper language in reference to his superior.

Fourth:

For harboring on city property, viz. at Hose Company No. 1, on February 15th, 1912, February 21st and March 2, 1912 and on divers other times, a woman, unknown to me, at unreasonable hours, viz. between the hours of nine and twelve P.M. the said woman not being the wife of said Captain Seiring.

Fifth: For violating section 58 of said rules

APR 8 1912

by bringing into and indulging in liquor in said fire house on the fifteenth day of February, 1912 and also on divers other times.

I hereby request that the above charges be investigated and the said Captain George Telling be dealt with according to the ordinances of the City of Plainfield, the rules of the Fire Department and the State laws in such cases provided.

Very respectfully yours,

J. C. Doane,

Chief Engineer of the
Plainfield Fire Department.

Mr. Andrew J. Gavett,
City Engineer, Plainfield, New Jersey,
Dear Sir:-

I have just been instructed by the secretary of the State Board of Health, to return to you the plans, submitted by you, showing the location of proposed sewage disposal works to be located on the Darling Farm. The reason assigned being, that certain formalities in regard to obtaining permission from the local township committees have not yet been complied with. The Board has not yet received notice of permission having been given by the local township committees.
